*Miss Claire* pure collection

**MissClaire Pure** basic grubunda kullanılan doğal pamuk, doğa dostu kimyasallar ile işlem gördüğünden mikrobiyolojik kontrol sağlamasından dolayı teninizin dostudur... Aynı zamanda ürününüzün kalite ve uzun ömürlü olmasının garantisidir. Ayrıca pamuğun terbiye işleminde yapılan silikon yıkama ise, kumaşa yumuşaklık vermesinin yanında , mükemmel bir kavrama sağlar, vücudunuzu sarar.

**Pure** products have sustained a washing procedure with a special ferment that guarantees the quality and the shape of your cotton underwear whilst strict microbiological controls make sure that the product is friendly to the skin. In addition the finishing with a ferment of silicone seals the softness and the perfect fitting of the **Pure** collection.
